

Basement Development FAQs

How long will it take to develop my basement?

A. Our average basement renovation takes 6-8 weeks.

Does Right Whey Contracting carry liability insurance?

A. Yes. We carry \$2,000,000 in liability insurance. All of our sub-contractors are similarly insured and have their own coverage.

Do you offer warranty on your renovations?

A. All aspects of your renovation are covered with a **5 year warranty**.

Can you provide references and testimonials?

A. We are happy to provide multiple references and testimonials at your request. Please visit our Projects page online to view some samples. We are also happy to put you in contact with some of our clients and can even arrange on-site viewings of some of our past renovations.

Do you take care of city permits?

A. All of our renovations are fully permitted and the cost is included in the package prices.

What areas do you service?

A. We offer full basement development services for the whole Avalon Peninsula.

Do you offer financing?

A. We do not have an in-house financing program at this time. We encourage you to talk to your bank or your mortgage company first and then with secondary-lenders who may be able to help.

Are your prices fixed or can they increase after the contract is signed?

A. Yes our prices are fixed. The only time cost overruns occur is when the customer makes changes to the original plan, or if something additional and unforeseeable is required.
